

M-DCPS Intro to Frax Webinars/PDs Available now!

Introduction to Frax Webinar

**Audience: M-DCPS Elementary/K-8
Mathematics Teachers in Gr 3-8**

Take a journey into fractions with Frax!

Frax stops the fractions struggle and puts students on a path to ongoing success in higher mathematics. Game-based and story-driven, the adaptive system meets students where they are and unlocks new games, challenges, and rewards for their efforts.

Intro to Frax PDs, teachers will:

- Understand the importance of students having a conceptual understanding of fractions.
- Understand the difference between traditional and Frax pedagogical approaches and how to support students using Frax.
- Learn to manage student assignments.
- Review group and individual reports showing usage and progress

- Adaptive and individualized. Every student can succeed in fractions.
- Game-based. Fun challenges and frequent rewards keep students coming back.
- Research-based. Based on the latest research on effective fractions instruction.
- Standards-aligned. Targets state standards and assessments for fractions in elementary grades.
- Real-time data. Real-time monitoring immediately identifies when students need help.
